	District-Wide			\$0.00		
F2015-007	Pettis County Commission	CC	MD, WR	\$20,400.00	Mr. John Meehan	This grant funds development of a feasibility study for Rubber Tire Grinding operations in Pettis County. The study will emphasize Missouri-based companies and prepared in a business-plan format capable of expansion and implementation beyond Pettis County and Solid Waste Management District (SWMD) F, also known as "West Central SWMD". Both point sources of rubber tires and potential users of recycled tire rubber materials may adopt the business plan. The basic market review will recognize possible uses for recycled tire rubber materials, which could foster partnering or involvement by other industries. It is believed that the business plan will have the potential to significantly and favorably impact Pettis County and SWMD F by diverting more rubber tires from the waste stream and into the marketplace.
